Accident and Emergency Guidance

In the event of having to deal with an incident/accident the following guidelines are to be noted:

- Stay calm but act swiftly and observe the situation. Is there any danger of further injuries?
- Listen to what the injured person is saying
- If the injury is minor, alert your first aider to take appropriate action
- If the injury requires specialist treatment, call the emergency services
- Deal with the rest of the group and ensure that they are adequately supervised
- Do not move someone with major injuries - wait for the emergency services
- Contact the injured person's parent/carer
- Complete an incident/accident report form

In line with guidance from the St Johns Ambulance Approved Code of Practice Craighelen holds a First Aid container which is located in the Gym Reception.

Note – no creams, lotions, medicines or tablets are permitted.

In holding a first aid container please note:

- Keep clean and free from dust
- Protect contents from damp
- If possible make accessible, preferably located near to hand washing facilities
- Should be green with a white cross
- Examine regularly and restock after use
- Discard out of date items
- Keep a sufficient supply

Don't forget to record any accident/incident in an accident/incident report form, which can be found on the notice board and next to the first aid boxes. This should be completed in full and then passed on to a member of the committee, to ensure it is officially recorded and any necessary action is taken.
